

Neon Films Limited

Environmental Policy

Updated 14/06/21

Neon Films Limited is a specialist film and television production company. We recognise that our activities have an impact on the environment in terms of the use of raw materials, emissions to air and water, and waste generation, and seek to minimise this as far as is reasonably practicable.

Neon Films Limited is committed to:

- Continual improvement in its environmental performance
- Preventing pollution
- Compliance with all environmental legislation, regulations and codes of practice relevant to the film production sector.

It is the policy of Neon Films Limited to:

- Make efficient use of natural resources by conserving energy and water, minimising waste, and recycling where possible
- Meet its duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste
- Use recycled construction materials whenever these can be commercially justified
- Keep transport use to a minimum and use public / non automated transport when possible
- Work with suppliers to ensure they recognise and reduce the environmental impact of their products and transportation.
- Where possible, raise the issues of environmental sustainability in our content, and explore actions for betterment editorially.

Neon Films Limited will review this policy on annual basis, taking account of any changes within legislation and our organisation, and other factors.

We will communicate this policy to all our employees and ensure that they are given appropriate training to raise awareness of environmental issues.

Neon Films Limited will make this policy available when requested to interested parties including members of the public.
